

Y sí que hay cosas para hacer el fin de semana

TRES DÍAS PARA ESTAR FITNESS

Desde hoy y hasta el lunes 17 de agosto, Bodytech realizará una maratón fitness virtual. Clases de rumba, spinning, bodycombat, yoga y pilates serán impartidas por una parte de los 194 entrenadores del gimnasio. Las sesiones serán desde las 7:00 a.m. hasta el mediodía y se transmitirán en vivo desde Bogotá, Barranquilla, Cali y Medellín. Los interesados deberán adquirir una boleta, que servirá para los tres días, por una donación a partir de 25.000 pesos. Según la compañía, esta es una estrategia para ayudar a su equipo humano en medio de sus pérdidas económicas por la covid-19. **Informes:** <https://www.eventos.afald/maraton-naranja>

CONVERSATORIO DE TANGO

Este sábado 15 de agosto, a partir de las 6:00 p.m., el Teatro Metropolitano de Medellín abordará el tema de tango. Como invitado está Reinaldo Spitaletta, periodista, cronista y escritor de varios libros sobre el género que sostendrá una charla con Marco Quiroz, el primer bandoneonista colombiano en pertenecer a una agrupación de tango argentina y un animador constante de la escena tanguera en Medellín. Ellos recorrerán una historia amena, distinta, con música, bandoneón y palabras que dan cuenta de este género desde su nacimiento hasta su gran revolucionario, Astor Piazzolla. La boleta virtual se puede comprar en www.tuboleta.com

OBRA DE CIRCO POR FACEBOOK

Este sábado, a las ocho de la noche, será el estreno de la obra Clowndinamiento, un montaje de circo creada por 5 artistas circenses de Medellín. Hace parte de las obras ganadoras de la convocatoria de estímulos LEP fase I para el arte y la cultura 2020, otorgados por la Secretaría de Cultura Ciudadana de Medellín. Se podrá ver por medio del Facebook live de Laboratorio Experimental, un grupo de artistas que se conformó para seguir creando arte en tiempos de confinamiento obligatorio. Reúne todas las características del circo: malabares y acrobacias unidas en al payaso, que es eje central de la obra.

ILUSTRACIÓN DE PECES

"Mire el océano, profesor. ¿No está dotado de vida real? ¿No tiene sus arrebatos de cólera y de ternura?", dijo el capitán Nemo en *Veinte mil leguas de viaje submarino*, la novela del autor francés Julio Verne. A este personaje debe su nombre el pez payaso más famoso de todos, Nemo, de la especie *Amphiprion ocellaris* que habita el oriente de los océanos Índico y Pacífico Occidental. Este individuo puede cambiar su sexo según las condiciones ambientales. El Acuario del Parque Explora invita a un taller de dibujo y de divulgación de la historia de este fascinante animal acuático. Se realizará el sábado a las 10:00 a.m. a través de Zoom. **Informes:** parqueexplora.org
