EPM receives a payment from Mapfre Seguros Generales de Colombia S.A. as a result of the Ituango Hydroelectric Project

EPM reports that today, January 25, 2022, it received a payment of USD \$633,829,733 from insurance company Mapfre Seguros Generales de Colombia S.A. as compensation under the policy for all construction and assembly risks, in compliance with the provisions of the Transaction Contract signed on December 10, 2021 between Mapfre Seguros Generales de Colombia S.A. and Empresas Públicas de Medellín E.S.P., and the Second Instance Judgment of the Office of the Comptroller General of the Republic of Colombia, notified on November 26, 2021.

This payment, together with the advance payments made by Mapfre to EPM, correspond to the total and final amount of compensation for the total amount of USD \$983,829,733 established in the aforementioned contract.

With this confirmation of payment, EPM will proceed with the withdrawal of the arbitration claim that is currently suspended before the Center for Conciliation, Arbitration and Amicable Agreement of the Chamber of Commerce of Medellín and inform the Comptroller General of the Republic, with the aim that it be considered within the Second Instance Judgment.

Medellín, January 25, 2022
