

Alberto Mejía Reyes

Interim Vice president of Power Generation

Electrical Engineer from Universidad de Los Andes and specialist in Finance from the Universidad del Rosario. He is a professional who has developed alongside the Colombian electricity market, initially in energy marketing and then in the commercial area of the power generation business. He knows in depth the regulation of the Wholesale Energy Market, and some aspects of Natural Gas, and has recently been involved in the development of non-conventional renewable energy projects, specifically wind and solar photovoltaic, as well as business transformation processes of the power generation business.

Since 2002, when he joined EPM, he has worked at EPM as an Energy Purchasing Professional, Energy Exchange Professional, Head of the Long-Term Management Unit, Wholesale Energy Market Manager and currently as Interim Vice President of Power Generation.
