

Relevant Information

Medellin, February 14th, 2019

EPM states that, with respect to the information posted in the last few days through some media outlets regarding the announcement from the Attorney General of the Nation, in the sense of escalating a request to the Superintendence of Partnerships [*Superintendencia de Sociedades*] to investigate alleged irregularities in the development of EPM's company goal, as well as for the alleged omission in the release of the information, in the Ituango project's development framework, that:

1. To date, EPM has not been officially notified by the Attorney General of the Nation of the aforementioned request.
2. Throughout the Ituango project's contingency, EPM has supplied complete, accurate and timely information to State agencies, and has attended to the official requests that they have received.
3. EPM has disclosed information to interest groups directly, as well as by issuing press releases, communiques, granting interviews and press conferences with the media.
4. EPM reiterates its willingness to cooperate with the authorities and will provide a timely response to requests that are officially notified.
