

## **EPM, in line with its commitment to transparency and the opportunity to inform, announces to the public opinion:**

That the Company received in the morning of Thursday September 19 the “Report on Exceptional Control of Hidroituango Electric Generation Project Resources”, made by the Contraloría General de la República [General Comptroller of the Republic].

EPM will study the document along with a group of experts and in the next few days, it will communicate, based on this analysis, its position to the public.

The Organization will continue to cooperate with the authorities as required by them and will provide the corresponding explanations.
