EPM, as the agent of Company HIDROITUANGO S.A. E.S.P., reports that the National Environmental Licensing Authority (ANLA, for the Spanish original), by means of Resolution No. 00594 of March 24, 2023, notified on April 3 of that same year, resolved to declare the Company HIDROITUANGO S.A. E.S.P. environmentally responsible for the charges formulated through article 1 of Writ No. 00059 of January 21, 2019, consisting of the channel occupation of the Tamara gorge; the replacement of Bridges No. 12 “La Mona” and 14 “El Atraso” to build two (2) Box Culverts in their place; and dumping waste water into a seepage field from the field in the property called “El Ciruelar.” All of the above was done without informing and previously obtaining authorization from the Environmental License. As a consequence, a fine was imposed amounting to ONE BILLION FOUR HUNDRED EIGHT MILLION ONE HUNDRED TWENTY-THREE THOUSAND FOUR HUNDRED SIXTY-SIX COLOMBIAN PESOS, LEGAL TENDER (COP 1,408,123,466).

An administrative appeal and the necessary judicial action will be filed in light of the mentioned resolution.
