

EPM received offers for the construction of civil works for generation units 5 to 8 of Hidroituango

As established in the schedule of the contracting process, this Thursday, July 13 at 4:00 p.m., the closing of the reception of offers of the CRW 256463 process was carried out, whose purpose is the construction of final civil works for the entry into commercial operation of generation units 5 to 8 of Hidroituango.

This process for public request for offers was published on April 24, in which twelve national and foreign companies expressed their interest in participating. After attending to the various requests for clarification by the interested parties, 4 addendums were issued, in which some aspects of the process were modified with the purpose of encouraging participation and mitigating a possible risk of declaration of void.

The proposals of the firms were received:

Todini Costruzioni Generali S.P.A
China Gezhouba Group Company Limited sucursal Colombia
Consorcio CyS (Conformado por: Yellow River CO., LTD. sucursal Colombia, y Schrader Camargo S.A.S.)

As of that date, EPM will begin the offer evaluation process.
