

## Relevant Information

### **EPM received credit disbursements from local and international banks**

In the development of financial management for 2019, EPM plans to use different sources, mainly the internal generation of funds, the disinvestment plan, and the use of financial resources. In this sense, and in order to shield the liquidity, EPM recently received disbursements for a total amount of COP2.55 billion, of the loans signed and duly disclosed to the market, with HSBC and Bancolombia.
