

Relevant Information

Medellín, July 28, 2020

EPM reports, in its capacity as representative of the Sociedad Hidroeléctrica Ituango S.A. E.S.P., that the National Authority for Environmental Licenses -ANLA-, through Order No. 06576 of July 13, 2020, notified on July 27 of this year, initiated an environmental penalty procedure against Sociedad Hidroituango S.A. E.S.P. in order to establish the probable existence of conducts constituting environmental infringement on the occasion of the follow-up carried out in the framework of the contingency presented in the Ituango Hydroelectric Project.

With respect to the referred Order, the Company will rule in accordance with the law.
