

EPM informs the public:

That at the request of the possible bidders participating in the process of public request for bids, CRW 167467, whose purpose is the construction of the final civil works of the Ituango Hydroelectric Project, the deadline for the receipt of bids scheduled for this July 27 was modified. This period was extended by twenty-one (21) days and therefore the receipt of the offers will be until August 17, 2022, at 4:00 p.m.

Addendum No. 5 containing this modification will be sent by the ARIBA EPM contracting system to potential bidders who are participating in this process and will be published on the Te Cuento portal on the EPM website www.epm.com.co
