

Relevant information

Medellín, July 15, 2019

In relation to the news disclosed this Monday, July 15, 2019 by some media about the Office of the Comptroller General of the Republic's "Report on Exceptional Control of Hidroituango Electric Generation Project Resources", EPM points out that, according to what was stated by the Vice-Comptroller to the media, this is an internal working document.

EPM is awaiting the final report from the Office of the Comptroller General of the Republic, and until it is officially notified and analyzed, it will not make a statement on the matter.
