Medellín, May 15, 2023

EPM is allowed to inform in its capacity as agent of the Company HIDROITUANGO S.A. E.S.P., that the National Environmental Licensing Authority -ANLA-, through Resolution No. 0989 of May 11, 2023, notified electronically on May 12 of the same year, decided appeal for reversal filed against Resolution No. 00826 of 2022, resolving: to exonerate the Company HIDROITUANGO S.A. E.S.P. of the second charge formulated in the judicial act No. 2128 of May 8, 2018, first article, consisting of the La Planta and Cachirimé deposits less than thirty meters from the left bank of the Cauca river; confirm the declaration of environmental responsibility of the first charge formulated in the article in question, for the non-implementation of the environmental management measures established in the License granted for the development of the project "Construction and Operation of the Pescadero – Ituango Hydroelectric Plant", related to the handling and proper disposal of surplus excavation material from the construction of the Puerto Valdivia – Dam road; and impose economic penalty (fine) in the amount of FOUR THOUSAND FIFTEEN MILLION EIGHT HUNDRED FORTY-SIX THOUSAND TWO HUNDRED EIGHT PESOS LEGAL CURRENCY (\$ 4,015,846,208).

To the extent that, contrary to the above-mentioned resolution, no further governmental remedies may be pursued, any legal actions necessary shall be brought against it.
