

Relevant Information

Medellín, June 18, 2020

In relation to the publication of relevant information of June 11, 2020, on the movement of the schedules of the Ituango hydroelectric project by the COVID-19, EPM considers that the effect of a displacement of the entry into operation of the first unit of the Ituango hydroelectric project, due to the contingency generated by COVID-19, does not represent a legal or material impact on the finances of the company.

estamos ahí.
