

## Relevant Information

Medellín, August 12, 2020

We refer to the relevant information provided on August 11, 2020 related to the request for preliminary settlement EMPRESAS PÚBLICAS DE MEDELLÍN (EPM) submitted before the Office of the Attorney General 32 Administrative Judicial Division II of Medellín, file 7151, against **MAPFRE SEGUROS GENERALES DE COLOMBIA S.A.** on August 10, 2020.

Said settlement request is submitted, with the main aim to keep all means available to voluntarily solve the difference that could arise with the process to adjust the loss that occurred on April 28, 2018 when the Auxiliary Diversion Gallery (GAD, for the Spanish original) of the Ituango Hydroelectric Project collapsed. The adjustment process, which started once the loss occurred, has been moving forward by means of a joint agreement, in a technical and collaborative manner and in accordance with the terms and conditions of the All Risk Construction Policy No. 2901211000362, where payments have already been made.
