

Relevant Information

Medellín, August 19, 2020

EPM hereby informs, in its capacity of agent of Hidroeléctrica Ituango S.A. E.S.P., that the National Environmental Licensing Authority (ANLA), by means of Order No. 07774 dated August 14, 2020, notified on August 18 of the current year, initiated environmental penalty proceedings against Hidroeléctrica Ituango S.A. E.S.P., in order to determine whether any environmental violations were incurred, in the framework of its monitoring of the environmental license for the Ituango Hydroelectric Project, in connection with monitoring of air quality and obnoxious odors.

The Company will make an announcement in response to said order within the terms provided for by law.
