Medellín, August 26, 2020

Yesterday, **EMPRESAS PÚBLICAS DE MEDELLÍN (EPM)** submitted a request for pre-judicial settlement before the Office of the Judicial Administrative Attorney General 114 of Medellín, filed under No. 7734, against **MAPFRE SEGUROS GENERALES DE COLOMBIA S.A.** This request is based on the occurrence of a loss event on Extra-contractual Civil Liability Policy No. 2901311000164 issued by said insurer, when on May 12, 2018, a flash flood of the Cauca River took place, which affected certain riverside areas downstream from the project, causing damages to third parties and to community infrastructure.

Taking into consideration the policy's coverage and limits, the claim filed in the settlement request totals twenty-three billion Colombian pesos (COP 23,000,000,000).

Said settlement request was submitted primarily to prevent expiration of the terms for the claim, and thereby keep all avenues open to voluntarily settle any differences that may arise between the parties during the claim event adjustment process. At present, said adjustment process is being carried out by mutual consent between the parties, in a coordinated and collaborative manner, based on which an advance payment on the claim has already been made in the amount of COP 6,168,566,850, received in 2019; a remaining balance on said first payment in the amount of COP 608,726,274, received in 2020, and another payment to be received in 2020 in the amount of COP 8,057,394,460, all in accordance with the terms and conditions of Extra-contractual Civil Liability Policy No. 2901311000164.
